

Geometric Series Benches

Merge Nature with Real Furniture Design

Benches from our Geometric Series permit the use of a tree, flower bed, wall, sculpture or fountain to be used as the centerpiece of a beautiful and very versatile seating area.

Available in many sizes. Other sizes and shapes can be similarly fabricated including zigzags or staggered lengths.

Omitting a section allows access to the center.

GBS Square Bench

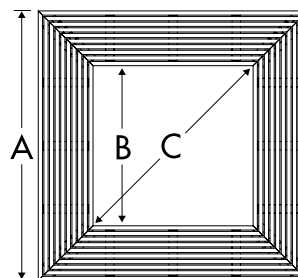

Lengths: 4 to 8 ft. (1.2 to 2.4 meters) in 6 in. (15.24 cm) increments. Specify surface or in-ground mount.

Options: Phillipine mahogany or ipe wood slats. Armrests. Specify black or bronze for the steel frame metalwork.

<i>Inches</i>			<i>Millimeters</i>

OPTIONAL ARMRESTS

Fabricated steel armrests are available as shown at right. They are powder coated to match the steel frame color.

Geometric benches make superb accent pieces and extremely efficient seating areas by providing a great deal of cost-effective and non-intrusive seating space. Available in Phillipine mahogany or ipe for indoor and outdoor applications.

◀ Each section utilizes two outside nominal 2 x 4 (38 x 89 mm) slats and eight interior nominal 2 x 3 (38 x 63 mm) slats. All slats are configured vertically.

**Natural wood colors will vary. Weathering may occur on site which will alter the color of the wood over time.*
