

## Decorative Brackets

CU Phosco manufacture many different designs of column brackets. We produce a wide variety of traditional and modern styles as well as purely functional designs.

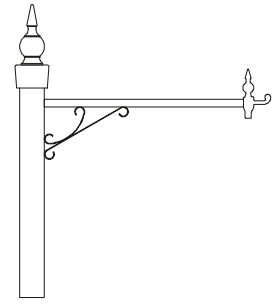

- Our brackets are designed to fit CU Phosco columns
- Column and wall mounted versions of brackets are available
- Column mounted brackets can be 1, 2, 3 or 4 arm subject to column and bracket design
- Designs are available as side entry, top entry or post top as indicated
- Not all projections are available at each height
- Finials are options and not necessarily required

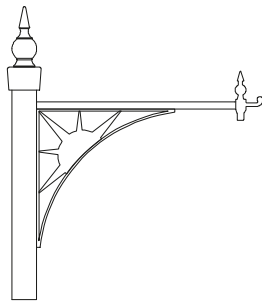

**Blackfriars**

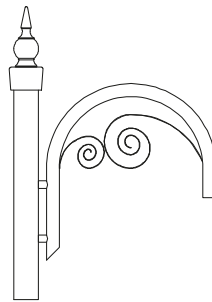

**Burguete**

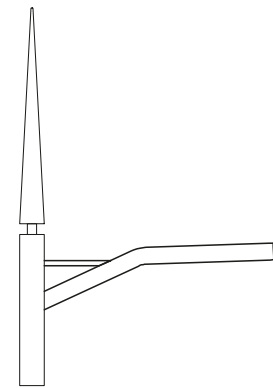

**Zubiri**

**Arleta**

**Arre**

**Boente**

A small selection of our bracket designs are shown above. To view our full range please visit [www.cuphosco.com](http://www.cuphosco.com). In addition, bespoke brackets can be manufactured to our clients' design.
